

Adobe Muse Training Course

In this Adobe Muse training course you'll learn skills for creating modern websites that are responsive and use HTML5 and CSS, without the need to know a great deal of HTML code. This training course is perfect for users wanting to create and publish modern websites. Participants with experience using any other Adobe tools will find Muse to be an intuitive web design tool.

What you'll learn in this training course

- Organizing and Planning to build your website
- Introduction to the Muse workspace
- Understanding the tools
- Working with Master Pages
- Working with Text
- Working with Images
- Creating Menus, Navigation, and Links
- Importing graphics from Creative Cloud apps
- Exporting and publishing your site to HTML
